Description:

From the Inside Flap

From the Back Cover "Don't like working a boring 9-to-5 grind, sitting at a Dilbert cube desk under buzzing fluorescents, managing paper, or being a cog in a big assembly line machine five days a week? Then don't! Hundreds of thousands of nonconformists are earning a living in the niches of today's lousy economy with fun, unusual, and even weird money-making methods you never knew existed. This book will get you started on a path you'll enjoy: making money in fun, little-known ways with little cost or little training needed." —Danny Welsh, Internet entrepreneur, RealDealCommunity.com

Drinking on the job, stealing cars, and mopping up blood and guts might seem like terrible ways to make a living, but there's plenty of profit potential in brewing beer, repossessing automobiles, and cleaning up crime scenes. Smart, creative people have already made millions of dollars chasing geese off golf courses and selling virtual real estate. A master of many weird trades, Steve Gillman shares his secrets for turning strange jobs into moneymakers.

Using interviews with unconventional entrepreneurs, the author's own wide-ranging experience with weird jobs, and extensive research, *101 Weird Ways to Make Money* reveals fun, sometimes dirty, occasionally dangerous, yet incredibly profitable jobs and businesses. If you're looking for work that suits your independent spirit and frees you from bosses and corporate cube farms, this book delivers 101 alternative ventures along with the keys to making them wildly successful.
