## **Description:**

**About the Author** Born in Eastbourne, UK, Simon Denman graduated from the University of Essex with a degree in Electronic Engineering. From there his career in cutting edge technology swept him across Europe from Paris, Munich, the French Riviera, and back to England. During this period he was blessed with two beautiful and talented daughters, now at University themselves, and, in remarriage, the love of the most wonderful woman for whom a man could wish. Now, following the publication and spectacular success of Connected, his first novel, and the birth of twins, Simon can be found in Cornwall writing full time and working on his much anticipated next novel.
