Description:

At 7 and a half, with working parents and a sister at "a difficult age," Ramona Quimby tries hard to do her part to keep family peace. Usually, however, she ends up behind every uproarious incident in the house. Whether she's dying herself blue, watching while her young neighbor flings Kleenex around the house, or wearing her soft new pajamas to school one day (under her clothes, of course), Ramona's life is never dull. Through it all, she is struggling for a place in her mother's heart, worried that she might be unlovable. Not a chance. Ramona Quimby is nothing if not lovable.

Beverly Cleary's gift for understanding the tangle of thoughts and emotions in a child's mind and heart is remarkable. Luckily, in addition to being empathic, witty, and astute, Cleary is also prolific. She has created over two dozen children's books, and been presented with many awards, including the Newbery Medal for , as well as the Newbery Honor for and for . About the Author Beverly Cleary enjoyed reading as a child, but all the stories were about rich English children with ponies and nannies. Her ambition became to write about the sort of children she grew up with, in stories that said something important while retaining humor, sympathy, and a deep sense of reality. She has published over 30 award-winning books.
