Description:

From With both her first anniversary as a vampire and her thirty-first birthday rapidly approaching, Vampire Queen Betsy Taylor still does not have everything lined up for her impending wedding. Her best friend is being testy; her pal, a veterinarian vamp, wants permission to bite her mortal lover; and a delegation of European vampires shows up to pay respect to the vampire royal couple and seek out any exploitable weaknesses. Betsy became the queen because a lot of the pesky vampire rules just don't apply to her. She doesn't even need to suck blood on a daily basis, so in the midst of

all this turmoil, she decides to go on a blood-free diet, which leaves her in a perpetual state of annoyance as she eagerly anticipates the surprise party she has said is forbidden. Bubbly fun for fans of the series. *Diana Tixier Herald*
